MEET THE MENTOR

Having grown up abroad, I have been exposed to a **diversity** of numerous cultures and people. This has afforded me the opportunity to build up an **international career**, thus entering into the business field, with emphasis in Business Operations, both in Greece and abroad.

Having held various **leadership positions**, including that of **General Manager**, in companies and groups over the past 20 years, I was given the opportunity to attain vast experience as an **interviewer**, conducting over 2,000 consultations, in search of suitable associates.

Based on this experience, as well my additional study of the current labour market, I have thus created a **methodology** incorporating **personalised sessions** regarding career guidance, CV writing and interview preparation, enabling candidates to be **perfectly** prepared so as to **effectively** claim the position which they are aspiring to.
